

Thank you for signing-up for College Recruit U! Our mission is to make the college search & admissions process fun, easy and social. Now that you've signed-up, you may be wondering "what next?!?" We hope this quick guide helps!

Step one – Create Your Profile!

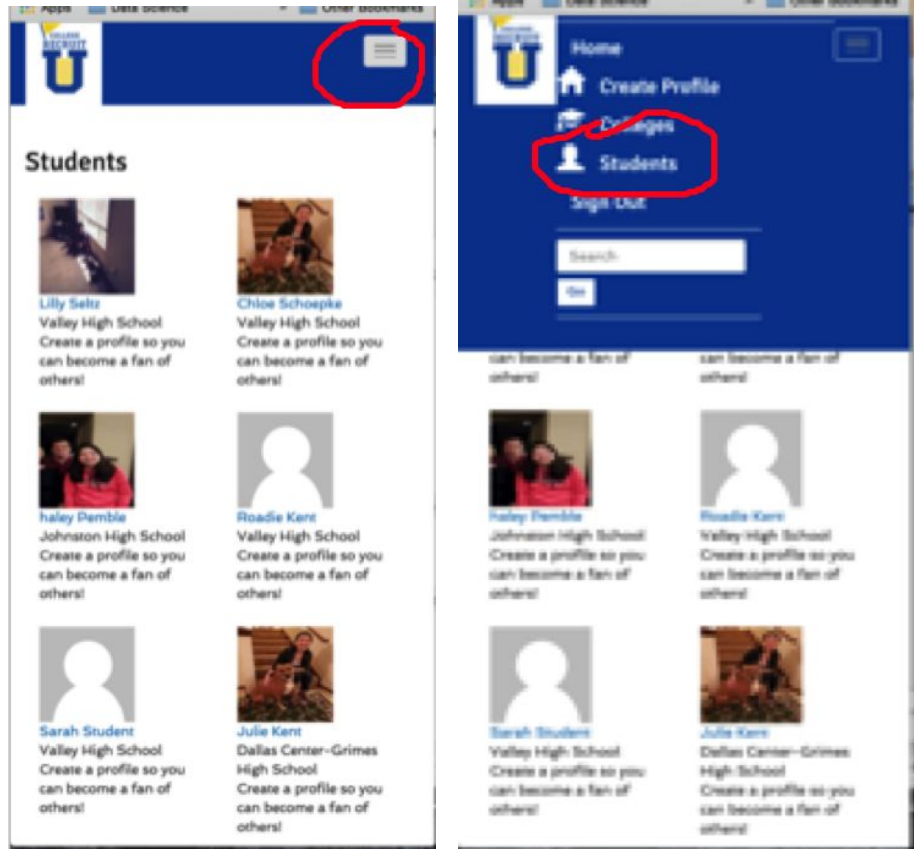

The screenshot shows the 'Create Your Profile' page on the College Recruit U website. The page has a blue header with navigation links: Home, Create Profile, Colleges, Students, and Sign Out. There is a search bar with a 'Go' button. The main content area is titled 'Create Your Profile' and contains several form fields: 'First name', 'Last name', 'Cell number' (with a note that it won't be shared), 'Gender' (with a dropdown menu), 'High school' (with a dropdown menu), 'Graduation year' (with a dropdown menu), and 'Photo' (with a 'Choose File' button). Below these fields is a section titled 'What activities are you currently involved in?' with a list of checkboxes for various sports and activities: Baseball, Basketball, Bowling, Cheerleading, Choir, Cross Country, Drama, Football, Golf, Marching Band, Robotics, Soccer, and Speech/Debate.

Don't forget to upload a photo! Pushing "Choose File" should open up your phone or computer photos. Once you've selected your photo, finish filling out the rest of the information and then click "Create Profile." Your photo should appear on your profile.

If an activity or major is missing, please feel free to text Julie @ 319-521-8353 or e-mail: julie@collegerecruitu.com to request one to be added.

Step two - Become a Fan of Your Friends!

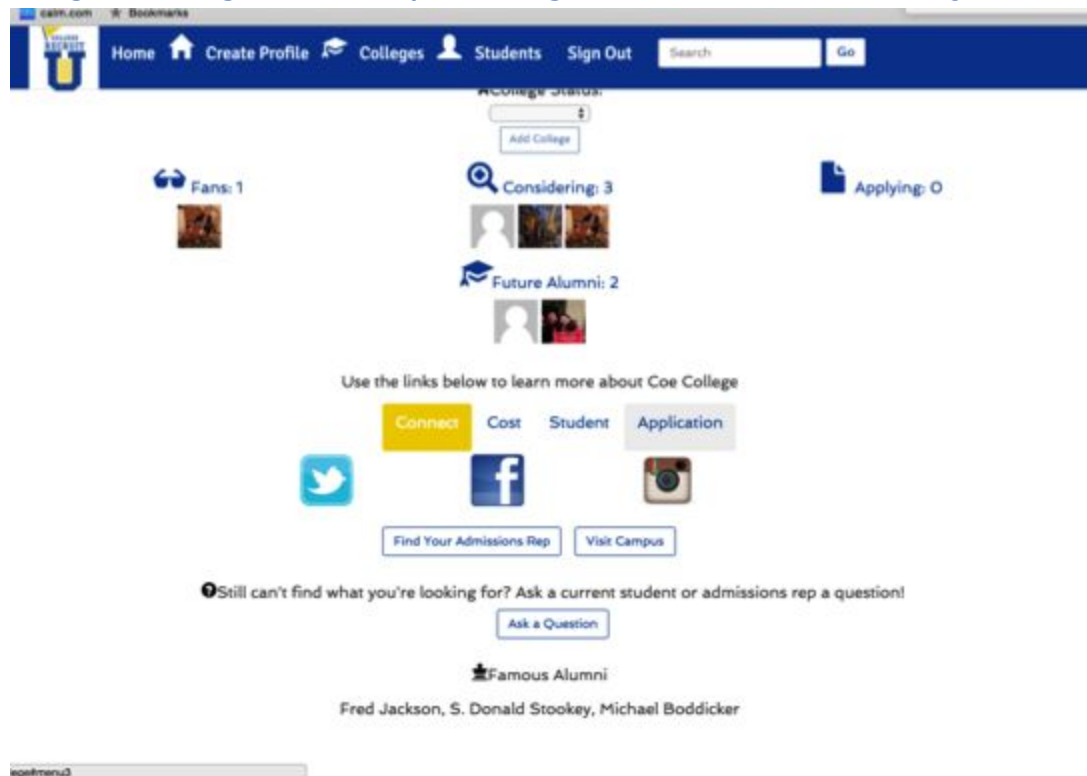

Click on “Students” to browse other students who are using College Recruit U. If you are on a mobile phone, click the button in the upper right hand corner to toggle the navigation:

With College Recruit U, you can check out where your friends are considering and why. Maybe you'll discover a college that you hadn't thought of before. Not many friends on the site yet? Invite them and you'll both receive a \$5.00 gift card (e-mail: julie@collegerecruitu.com if you have any questions!)

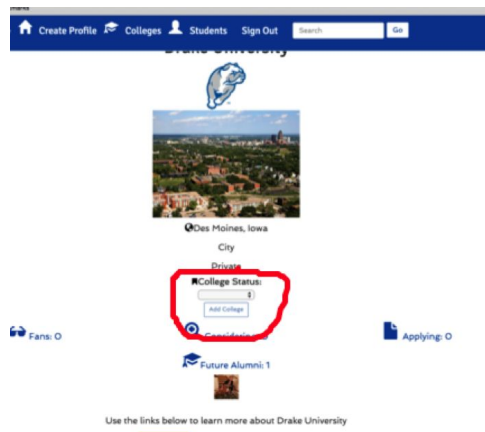

Step three - Learn about Colleges

Click on “Colleges” using the navigation to see all of the colleges on our website. You can also use the Search to search for colleges and students. Click on a college that you’re interested in learning more about. Use the buttons on the college pages to learn more about the college cost, how to find your admissions rep, the typical student profile and application deadlines! **If a college is missing, use the “Request College” button to let us build it for you!**

Step four - Add Colleges to Your Profile

Use the “College Status” on the College page to add colleges you’re **considering, applying to or just a fan** (i.e. you like the school but probably aren’t interested in attending.)

Step five - Read our Blog and connect with us on social media

Step five - Make College Recruit U even better

The site isn't perfect and we have a LOT that we want to add to make it better! You can be a part of the decision making process as we choose features to develop. Julie will likely be reaching out to you to hear your thoughts, but filling out this survey in the meantime will get you entered to win one of our weekly \$20 gift cards:
